4 X 30MM	PAN & CSK	SILVER & BLACK
4 X 40MM	PAN & CSK	SILVER & BLACK
4.5 X 50MM	CSK	SILVER & BLACK

THE PERFECT FINISH FOR OUTDOOR IRONMONGERY; HINGES, LATCHES, LOCKS, GATE HANGINGS AND MUCH MORE.

Fully Threaded
For a secure fix

Twin and single thread
Twin thread start for a quick, balanced start. Single thread for high pull out retention.
Two screws in one.

Net-Coat™ Corrosion Resistance
Available in black and silver to match most outdoor architecture. Net-Coat™ ensures the screw will last the lifetime of the application.
No more ugly rust stains.

Cross Recess PZ2

Pan or Countersunk head

CPT™ Hardened
Permeated case with through hardening allows the perfect balance between core ductility and surface toughness. With the strength of a tensile bolt the screw will not snap.

Tri-Lock Threadform
Three flats on the thread mean less surface contact between screw and material when driven in. Which means there is less battery wear, easier to insert and the screw will not work loose over time as the material flexes under use.

Exterior-Tite has been awarded the Timber Decking & Cladding Association's DeckMark Plus status.
